

**2014 EUROPEAN SOCIETY OF HYPERTENSION / INTERNATIONAL SOCIETY OF HYPERTENSION MEETING  
SATELLITE SYMPOSIUM**

**Methodology and Technology for Peripheral and Central Blood Pressure Measurement:  
Current status, practical application and future research**

Friday 13 June, 09:00-16:30, Megaron Athens, Room MC3

**Hypertension Center, STRIDE Hellas 7, Third University Department of Medicine, Athens, Greece.  
ESH Working Group on Blood Pressure Monitoring and Cardiovascular Variability**

**Chairman of the Satellite Meeting:** George S. Stergiou  
**Chairman of ESH BPM BPV Working Group:** Gianfranco Parati  
**Organizing Committee:** Eoin O'Brien, Gianfranco Parati, George S. Stergiou

08:50 - 09:00	<b>WELCOME AND OBJECTIVES</b>	O'Brien E, Stergiou G
	<b>PERIPHERAL BP MEASUREMENT A (hardware and software)</b>	Achimastos A, Wang JG
09:00 - 09:15	Current status of office BP measurement	Myers M
09:15 - 09:30	Current status of ambulatory BP monitoring	Head GA
09:30 - 09:45	Current status of home BP monitoring	Kario K
09:45 - 10:00	Current status of cuffs for BP monitors	Palatini P
	<b>PERIPHERAL BP MEASUREMENT B (methodology and application)</b>	Myers M, Palatini P
10:00 - 10:15	Current status of telemonitoring	Omboni S
10:15 - 10:30	Validation of peripheral BP monitors	Stergiou GS
10:30 - 10:45	Office, home, ambulatory BP: How to apply in practice?	O'Brien E
10:45 - 11:00	Practical problems in clinical application	Andreadis E
11:00 - 11:15	What needs to be addressed in future research?	de la Sierra A
11:15 - 11:25	Voting system: availability, accuracy, usefulness	Audience
11:25 - 11:50	<i>Coffee brake</i>	
	<b>BP VARIABILITY MEASUREMENT A (methodology and indices)</b>	Parati G, Padfield P
11:50 - 12:05	Indices of BP variability	Castillioni P
12:05 - 12:20	Current status of office BP variability	Kotsis V
12:20 - 12:35	Current status of ambulatory BP variability	Ohkubo T
12:35 - 13:15	<i>Lunch brake</i>	
	<b>BP VARIABILITY MEASUREMENT B (application)</b>	O'Brien E, Redon J
13:15 - 13:30	Current status of home BP variability	Niiranen TJ
13:30 - 13:45	How to apply in routine practice?	Parati G
13:45 - 14:00	Practical problems in clinical application	Manios E
14:00 - 14:15	What needs to be addressed in future research?	Dolan E
14:15 - 13:25	Voting system: availability, accuracy, usefulness	Audience
14:25 - 14:45	<i>Coffee brake</i>	
	<b>CENTRAL BP MEASUREMENT (hardware and software)</b>	Mancia G, Vlachopoulos C
14:45 - 15:00	Methods and techniques for central BP measurement	Papaioannou T
15:00 - 15:15	Office, ambulatory and home central BP	Protogerou A
15:15 - 15:30	Validation of central BP monitors	Boutouyrie P
15:30 - 15:45	Where and how to apply in routine practice?	Benetos A
15:45 - 16:00	Practical problems in clinical application	Asmar R
16:00 - 16:15	What needs to be addressed in future research?	Avolio A
16:15 - 16:25	Voting system: availability, accuracy, usefulness	Audience
16:25 - 16:35	<b>CONCLUSIONS AND ACTIONS</b>	Parati G, Stergiou G
